*The role of the Sellwood Bridge Project Community Task Force (CTF) is to represent a broad range of interests, communicate with and gather input from their constituencies, and make recommendations to the Policy Advisory Group. **The CTF does not have decision-making authority.** Any predictions of future decisions or impacts made by a CTF member are speculative.*

CTF members who have been approached by interest groups other than their own constituencies are encouraged to share these conversations with the other CTF members at their meetings.
