

*Appendix K. Index*

- access management, 3-6, 3-12, 4-17
- actions required, S-8, 5-20
- agency coordination, 5-11, 5-17
  - Collaborative Environmental and Transportation Agreement for Streamlining Process, 5-11
  - participating agencies, S-5, 5-12
  - project groups, S-2, 5-2
- air quality, 3-214
  - conformity determination, 3-215
  - local context, 3-216
- Alternative A, 2-18
  - aquatic resources, 3-184
  - archaeological and historic resources, 3-141
  - bicyclists and pedestrians, 3-39
  - construction activities, 2-40
  - economic, 3-86
  - environmental justice, 3-114
  - geology, 3-164
  - hazardous materials, 3-224
  - hydraulics, 3-174
  - land use, 3-79
  - noise, 3-209
  - parks and recreation, 3-125
  - right-of-way and relocation, 3-60
  - social elements, 3-103
  - transportation, 3-17
  - utilities, 3-72
  - vegetation, 3-191
  - visual resources, 3-151
  - water quality, 3-171
  - wetlands, 3-195
  - wildlife, 3-202
- Alternative B, 2-22
  - aquatic resources, 3-185
  - archaeological and historic resources, 3-143
  - bicyclists and pedestrians, 3-40
  - construction activities, 2-40
  - economic, 3-87
  - environmental justice, 3-114
  - geology, 3-164
  - hazardous materials, 3-224
  - hydraulics, 3-174
  - land use, 3-79
  - noise, 3-209
  - parks and recreation, 3-126
  - right-of-way and relocation, 3-62
  - social elements, 3-104
  - transportation, 3-19
  - utilities, 3-72
  - vegetation, 3-191
  - visual resources, 3-153
  - water quality, 3-171
  - wetlands, 3-196
  - wildlife, 3-202
- Alternative C, 2-26
  - aquatic resources, 3-185
  - archaeological and historic resources, 3-143
  - bicyclists and pedestrians, 3-44
  - construction activities, 2-41
  - economic, 3-88
  - environmental justice, 3-115
  - geology, 3-164
  - hazardous materials, 3-224
  - hydraulics, 3-174
  - land use, 3-80
  - noise, 3-210
  - parks and recreation, 3-126
  - right-of-way and relocation, 3-64
  - social elements, 3-105
  - transportation, 3-21
  - utilities, 3-73
  - vegetation, 3-191
  - visual resources, 3-153
  - water quality, 3-171
  - wetlands, 3-196
  - wildlife, 3-202
- Alternative D, 2-29
  - aquatic resources, 3-185
  - archaeological and historic resources, 3-144
  - bicyclists and pedestrians, 3-46
  - construction activities, 2-41
  - economic, 3-89
  - environmental justice, 3-115
  - geology, 3-165
  - hazardous materials, 3-225
  - hydraulics, 3-174
  - land use, 3-80
  - noise, 3-210
  - parks and recreation, 3-127

- right-of-way and relocation, 3-65
- social elements, 3-105
- transportation, 3-22
- utilities, 3-73
- vegetation, 3-191
- visual resources, 3-155
- water quality, 3-171
- wetlands, 3-196
- wildlife, 3-202
- Alternative D Refined, S-6, 2-42, 5-17, 5-20
  - access to properties, 2-51
  - access to River View Cemetery, Powers Marine Park, and the Staff Jennings property, 2-53
  - access to Willamette Moorage Park and the Macadam Bay Club, 2-51
  - aquatic resources, 3-186
  - archaeological and historic resources, 3-145
  - bicyclists and pedestrians, 3-50
  - construction activities, 2-55
  - cross-section, 2-49
  - description, 2-43
  - east-side connection, 2-51
  - economic, 3-90
  - environmental justice, 3-115
  - geology, 3-165
  - hazardous materials, 3-225
  - hydraulics, 3-174
  - in-water construction, 2-58
  - land use, 3-80
  - land-based construction, 2-57
  - mitigation, 2-55
  - noise, 3-211
  - parks and recreation, 3-127
  - replacement bridge, 2-50
  - right-of-way and relocation, 3-68
  - social elements, 3-107
  - transportation, 3-28
  - utilities, 3-73
  - vegetation, 3-191
  - visual resources, 3-158
  - water quality, 3-171
  - west-side interchange, 2-50
  - wetlands, 3-196
  - wildlife, 3-203
- Alternative E, 2-34
  - aquatic resources, 3-186
  - archaeological and historic resources, 3-145
  - bicyclists and pedestrians, 3-48
